## NEW BUSINESS

1. Marlin Batista brought ideas to the board about the lift stations, the growing of the community and how it is going to affect the Wastewater Treatment Plant. One idea was to have a lagoon in Diamondville for sewage to flow to instead of a lift station. Another idea was to send the flow of sewage to one big lift station instead of having multiple stations. With both ideas it would bring down the cost of upkeep that the Wastewater Plant would have to do.
